

The Artists of the Davis family cordially invite you to join us for the opening of the exhibition The Nature of Change

Once again the Davis family have come together to present an exhibition of new artworks, maintaining a long standing tradition initiated by rural artist Ian Davis. The Nature of Change examines changes within the natural world, combined with changes to the nature of those who observe it.

Each artist has faced their own challenges in producing works to bring together in this exhibition. Shutdowns, lockdowns and breakdowns – have been overcome. The exhibition will feature paintings, photography, drawings and ceramics by Charles Davis, Angela, Belinda and Monica, as well as Andy and Caroline.

The exhibition will open at the Raglan Gallery on Saturday 3rd April 2021 at 2:30pm, with guest speaker Craig Burns, music, food and drinks. The exhibition will run until Sunday 2nd May 2021.

We would be delighted if you could join us at the opening, or visit the exhibition during April 2021.

Paintings, drawings, photography, ceramics and more.
